Secure, Convenient and a Sound Investment

Robert Yates
NASCAR Legend
Harley Guy
Hyde Park Owner
PhD in Mancavology

*"This really is the
Country Club of Storage"*

The idea was born

Hyde Park Storage Suites opened the Lake Norman location in 2001. A smash hit! Garage condos prove to be the perfect solution for those that have valuable toys and not enough indoor space to house them. Combine the need for quality storage space with a community of neighbors that share common lifestyle activities, and you get the perfect place to keep your prize possessions.

Custom Garage Condos

Customize your space with all the features you desire. Add a mezzanine or floor supported lift and create the ultimate personal garage. Add creature comforts to create the perfect Man cave and weekend workshop! Pool table, big screen TV and refrigerator—why not? Have it all in your own space.

Owner's Clubhouse

In addition to the luxury of customizing your own garage condo unit, you have access to the onsite owner's clubhouse. The clubhouse is complete with maintained restrooms, a furnished lounge with plush couches, large screen TV, a bar, and kitchenette.

Nice neighbors

Hyde Park Storage Suites is the choice of many discriminating automotive enthusiasts. Owners like Robert Yates, Chad Knaus and John Andretti have chosen Hyde Park Storage Suites for the convenience, security and upscale amenities.

With a variety of site amenities and garage unit features as well as multiple unit sizes, Hyde Park offers a unique and valuable option to match your lifestyle and your specialty storage needs.

Own or Lease

Hyde Park Storage Suites offers a variety of options
